About the Organisers

The British Japanese Law Association ("BJLA") is a bilateral law association which exists to promote understanding and exchange of knowledge between British and Japanese lawyers. It holds regular lectures, seminars and social events in London.

The Japan Society, which is a registered charity, is the leading cultural and educational organisation in the United Kingdom for Japan and organises a full programme of academic, business and cultural events each year.

There will be an opportunity after this meeting for members of both organisations to socialise and network together.
